		Page 1 of 2

Please refer to **tender for supply of LPG cylinders complete with valves – REF No. NOCK/PRC/03(1165)** advertised on **Friday, 26th August 2016** and **1st addendum issued on 2nd September 2016**.

We hereby issue this 2nd addendum giving clarification and/or amendments to the tender document as below:

No.	Clause/pages of the tender documents	Bidder's Query/Clarification Request (quoted as asked)	National Oil Response and/or amendment to the tender
1.	5.3.3.1 norms and standards used"	Please give more details on the KS 06-04 - Kenyan Standard for specification for hot rolled steel sheets for manufacture of low pressure Gas cylinders.	National Oil clarifies that the KS 06 – 04 is mainly used for the hot rolled method. This standard is referred to because within the standard are aspects of cylinder manufacture. Bidders are advised to use KS ISO 4706 that has outlined all the processes for cylinder manufacture as required by the Kenyan market.
2.	2.11 and 5.3.3 Terms of Reference	<ul style="list-style-type: none"> All samples presented must be accompanied by a permit or written assurance from Kenya Bureau of Standards (KEBS) to input the Diamond mark of quality on the cylinders manufactured by the tenderer. Tenderers should have the Diamond Mark from Kenya Bureau of Standards (KEBS). 	National Oil clarifies that, the Diamond Mark of quality from Kenya Bureau of Standards (KEBS) is not a requirement for this tender.
3.	In the appendix to instruction to the tenderers 2.24	Proof of quality test by KEBS: <ul style="list-style-type: none"> Proof of quality testing by institutions acting as agent for Kenya Bureau of Standards (KEBS).The tenderer must submit written undertaking that 	National Oil amends the tender document, adding the following requirement: <ul style="list-style-type: none"> Bidders must attach a certificate for inspection and batch test analysis reports showing the performance of their gas cylinders from
